

Childerley

CAMBRIDGE

Guest Information

To help organise your visit, we've put together a list of local accommodation, places to eat and drink, and taxi companies.

Getting here:

A map is at the end of this document. Please don't rely on satnav alone – you **must** approach from the St Neots Road (adjacent to the A428) between Caldecote and Bourn. Please take care driving down the Childerley drive as it is single lane and traffic comes in both directions. There are several marked passing points.

There is ample parking in the summer months in the parking field to your left as you reach the buildings. Please follow the signage, particularly if the weather is inclement. Winter parking is limited and you must follow the signage.

TAXIS - please book these in advance of the day: Childerley Long Barn is set in the middle of the countryside so there is absolutely no passing traffic. Therefore it is essential you book in advance your return taxi journey. Some recommended taxi companies include.
